Data Protection Act 1998: How we use pupil information

We collect and hold personal information relating to our pupils and may also receive information about them from their previous school, local authority and/or the Department for Education (DfE). We use this personal data to:

- support our pupils' learning
- monitor and report on their progress
- provide appropriate pastoral care; and
- assess the quality of our services

This information will include their contact details, national curriculum assessment results, attendance information, any exclusion information, where they go after they leave us and personal characteristics such as their ethnic group, any special educational needs they may have as well as relevant medical information.

We will not give information about our pupils to anyone without your consent unless the law and our policies allow us to do so. If you want to receive a copy of the information about your son/daughter that we hold, please contact:

- Charlotte Jones office@hutchinson.staffs.sch.uk

We are required, by law, to pass certain information about our pupils to our local authority (LA) and the Department for Education (DfE).

DfE may also share pupil level personal data that we supply to them, with third parties. This will only take place where legislation allows it to do so and it is in compliance with the Data Protection Act 1998.

Decisions on whether DfE releases this personal data to third parties are subject to a robust approval process and are based on a detailed assessment of who is requesting the data, the purpose for which it is required, the level and sensitivity of data requested and the arrangements in place to store and handle the data. To be granted access to pupil level data, requestors must comply with strict terms and conditions covering the confidentiality and handling of data, security arrangements and retention and use of the data.

For more information on how this sharing process works, please visit:

FURTHER INFORMATION

Teachers2Parents

In school we use an email facility in conjunction with a texting service. This facility enables us to send newsletters, letters etc. directly to parents, whilst the texting service enables us to send text messages to your mobile phone. These messages for example may include reminders about educational visits, emergency school closures, after school club information. We would like to reassure you that Teachers2Parents is registered with the Data Protection Register and guarantees that all information supplied will be kept private. This service does not incur any cost to the parents and is paid for by the school.
