- A significant rise in the number of children being active in and out of school as a result of the 'Walk the Wonders' challenge. Some children have purchased their own fitness trackers and continue to monitor the amount of exercise they are doing daily.
- PE co-ordinator more confident in H&S within PE, having attended 'Safe Practice in Physical Education' course
- Increased number of girls attended after school clubs, having identified target sports such as 'Dance' to be delivered
- All Classes using GoNoodle to improve the amount of time children are active during the day
- As a result of Sports Week, children have experienced some sports for the first time (Boccia/ Kurling/ Wheelchair Basketball) and have a greater understanding of how people with disabilities can still be active and develop a love for sport.
